 - b) CS Academic employee:
 $\text{Rate (includes locked in Pay Differentials)} \times 12 / \text{number of academic calendar days for pay period} = \text{gross} / 8 = \text{hourly rate} \times \text{number of hour of Personal Leave Buy Back} = \text{gross}$
 2. 99
 - a. Payments are requested via the **Payroll Input Process (PIP)**.

SUBJECT: MILITARY LEAVE PAY

DESCRIPTION

G 500

(Revised 09/02)

- A. Employees in the National Guard or other branches of the U.S. military ordered to active military duty for: an event authorized by the President of the United States or Congress, a State of Emergency event proclaimed by the Governor are entitled to receive their State salary (regular pay plus any pay differentials) for 30 calendar days **per event** from their employer. On the 30th calendar day employees are placed on military leave by their departments (PAR transaction S51) and receive military leave pay, payment type 7. Military leave pay is the **difference** between their State salary and their military pay received from other entities such as the National Guard or other branches of the U.S. military. Employees whose military pay (e.g., National Guard) is **greater** than their regular pay/State salary are not entitled to receive military leave pay, payment type 7 but have the option to continue their State sponsored benefits such as health, dental, and vision.
- B. Employees in the National Guard, or other branches of the U.S. military ordered to report for annual training or reserve drills are entitled to receive their State salary for 30 calendar days **per fiscal year**. Employees remain on pay status. However, if regular pay plus any pay differential orders are extended beyond the 30 days, employees are docked or placed on a military leave by their department. In this case employees are not entitled to receive the difference between their State salary and their military pay from other entities, such as the National Guard. However, their military time must be tracked by their department. For California Leave Accounting System (CLAS) participants, refer to Job-Aids Section – available on SCO's web page (<http://www.sco.ca.gov/ppsd/clas>) under Emergency Military Leave or Military Leave for specific Earnings IDs used to update military leave credits.

Note: Refer to the Personnel Action Manual (Civil Service/Exempt employees) or the Personnel Information Management System Manual (CSU/Exempt employees) for military leave processing instructions.
